

CSC 3550 – Systems Programming Project Deliverables

Due the day of presentation (in 3-ring binder):

1. Title Page (includes the list of members w/signatures)
2. Accountability Page (who did what, include root password to system)
3. Project Summary (highlight major system components, how to install)
 - a. Relevant elements of your install
 - b. Best feature of your installation
 - c. Worst feature of your installation
 - d. What did your group get out of the experience
4. Important Support Documentation
5. Printed Copy of Group Developed Scripts
6. Printed Copy of Final Presentation (should be a presentation of the Project Summary)
7. Copy of all work on CD/DVD in protective sleeve
8. Printed copy of the papers and scripts written by the individuals in the groups separated by dividers with the members names on the label

Each group should be prepared to talk approximately 12 – 15 minutes with an additional 5 minutes allocated for questions from the audience. Each member must participate in the presentation. Powerpoint presentations must be submitted in iLearn and emailed by end of business the day before your presentation is scheduled so that they can be loaded on the presentation box before class on December 7 (9:30am – 10:50am), December 9 (9:30am – 10:50am), December 13 (10:00am – 12:00pm).
